TechnoBiz
**POLYMER
WEEK**

2-3 DECEMBER 2026
BITEC, Bangkok, Thailand

Welcome Message

Dear Polymer Professionals,

It is my great pleasure to welcome you to POLYMER WEEK 2026 Bangkok (formerly PolyWorld), a global platform dedicated to advancing innovation, technology, and business collaboration across the polymer industry. Taking place on 2-3 December 2026 at BITEC, Bangkok, this event brings together industry leaders, researchers, innovators, and professionals from around the world.

POLYMER WEEK 2026 is designed as a comprehensive and knowledge-driven platform, featuring a Polymer Technology Exhibition, Specialised Polymer Conferences, Short Training Courses, Polymer Research Poster Fair, and curated Networking Events. The conference program is thoughtfully organized into thematic tracks, enabling participants to choose focused areas aligned with their professional interests—ranging from processing technologies and advanced materials to sustainability, regulations, and commercialization.

A key highlight of this edition is the strong emphasis on innovation to commercialization, providing opportunities for researchers and innovators to connect with industry, explore partnerships, and bring ideas closer to market. The Polymer Research Poster Fair further strengthens this bridge by showcasing emerging research directly within the exhibition environment.

As the polymer industry continues to evolve with new materials, sustainability challenges, and digital transformation, platforms like POLYMER WEEK play a vital role in shaping the future. I encourage you to actively participate, engage with fellow professionals, and explore new opportunities for collaboration and growth.

I look forward to welcoming you personally in Bangkok and wish you a highly productive and enriching experience at POLYMER WEEK 2026.

Warm regards,

Peram Prasada Rao

Project Director

TechnoBiz POLYMER WEEK

2-3 DECEMBER 2026
BITEC, Bangkok, Thailand

Polymer Conference

POLYMER WEEK 2026 features specialized technical tracks covering the latest advances in polymer science, materials, processing, applications, sustainability, innovation, and business. Speakers are invited to submit abstracts under the track that best matches their presentation topic.

- **Polymer Science & Advanced Materials** : Polymer chemistry, advanced materials, engineering plastics, elastomers, composites, nanocomposites, and functional polymers.
- **Polymer Processing & Manufacturing Technologies** : Description: Injection molding, extrusion, blow molding, thermoforming, rotational molding, additive manufacturing, automation, and process optimization.
- **Polymer Formulation, Compounding & Additives** : Polymer compounding, additives, fillers, masterbatches, color technology, flame retardants, stabilizers, and formulation development.
- **Polymer Products & Industrial Applications**: Polymer applications in automotive, packaging, construction, healthcare, electronics, consumer products, and industrial sectors.
- **Sustainable Polymers, Recycling & Circular Economy**: Bio-based polymers, biodegradable plastics, recycling technologies, circular economy, sustainable manufacturing, and life-cycle assessment.
- **Medical, Healthcare & Biomedical Polymers** : Biomaterials, medical plastics, medical devices, drug delivery, tissue engineering, diagnostics, wearable technologies, pharmaceutical packaging, sterilization, and healthcare innovations.
- **Polymer Testing, Characterization & Quality Engineering**: Polymer testing, material characterization, rheology, quality assurance, standards, certification, and failure analysis.
- **Functional Polymers & Emerging Technologies** : Smart polymers, conductive materials, nanotechnology, functional coatings, biomedical polymers, energy materials, and advanced composites.
- **Polymer Machinery, Equipment & Tooling**: Processing machinery, molds, dies, automation, robotics, tooling, maintenance, and manufacturing innovations.
- **Artificial Intelligence, Digitalization & Smart Manufacturing**: Artificial intelligence, digital twins, machine learning, IoT, data analytics, smart factories, and digital manufacturing.
- **Polymer Innovation, Commercialization & Entrepreneurship** : Innovation, technology transfer, startups, commercialization, intellectual property, product development, and investment.
- **Polymer Business, Markets & Supply Chain** : Market trends, business strategy, supply chains, sustainability, international trade, leadership, and industry outlook.

Call for Speakers: TechnoBiz invites industry experts, researchers, and professionals to submit speaker proposals for POLYMER WEEK 2026 Bangkok. Approved speakers are responsible for their own travel and accommodation arrangements. Interested speakers are encouraged to submit their title, abstract, and profile to peram@technobiz.org before 15 August 2026.

Registration Fee:

Early Bird Registration (Before 30 Sept 2026)

- Speakers: US\$ 150 (Baht 4,000)
- Delegates: US\$ 250 (Baht 6,000)
- Students : US\$ 100 (Baht 2,500)

Regular Registration (After 30 Sept 2026)

- Speakers: US\$ 300 (Baht 8,000)
- Delegates: US\$ 500 (Baht 12,000)
- Students : US\$ 200 (Baht 5,000)

Remarks: Registration Fee includes lunch and refreshments. VAT 7% applies. Thai Baht applies for companies registered in Thailand

TechnoBiz POLYMER WEEK

2-3 DECEMBER 2026
BITEC, Bangkok, Thailand

Polymer Exhibition

Exhibitor Profile

- Polymer, elastomer, and chemical suppliers
- Compounding and masterbatch companies
- Processing machinery and equipment manufacturers
- Mold and tooling providers
- Testing, laboratory, and quality control solutions
- Automation, digitalization, and Industry 4.0 providers
- Recycling and sustainability solution companies
- Advanced materials and specialty product developers
- Research institutions and universities
- Industry associations, consultants, and service providers

Booth Types (Shell Scheme)	Early Bird Fee (Before 30 Sept 2026)	Regular Fee (After 30 Sept 2026)
9 SQM Booth	US\$ 1,500 (Baht 40,000)	US\$ 2,000 (Baht 55,000)
18 SQM Booth	US\$ 2,700 (Baht 60,000)	US\$ 3,200 (Baht 80,000)
3 SQM Booth	US\$ 1000 (Baht 25,000)	US\$ 1,200 (Baht 35,000)

Remarks:

- VAT 7% applies on fees.
- Thai Baht applies for companies registered in Thailand.

Booth Package:

- 9 SQM booth : 3mx3m booth space with white wall panels, One Information Counter, One Round Table, 3 Chairs, Two Fluorescent Lights, 5amp Power Socket, Fascia Board
- 18 SQM booth : 6mx3m booth space with white wall panels, Two Information Counters, Two Round Tables, 6 Chairs, Four Fluorescent Lights, 5amp Power Socket, Fascia Board
- 3 SQM booth: 3mx1m booth space with white wall panels, One Information Counter, 2 Chairs, one Fluorescent Light, 5amp Power Socket, Fascia Board

Exhibitor Benefits:

- 2 complimentary conference registrations (with 9+ SQM booth)
- Additional delegate passes available at 20% discount
- Presentation opportunity in conference programs
- 1-Pass for TechnoBiz Executive Dinner (for top management)
- Full advertisement in Event Catalog (E-Book)

Visitor Registration: All Polymer professionals can visit the exhibition for FREE. Registration link is available at <https://events.technobiz.org>

TechnoBiz POLYMER WEEK

2-3 DECEMBER 2026
BITEC, Bangkok, Thailand

Polymer Dinner

Schedule: 2 Dec 2026, Bangkok (6pm-9pm)
Participation Cost : Baht 2,000 | US\$ 100

TechnoBiz Executive Dinner

TechnoBiz Executive Dinner 2026, scheduled on 2 December 2026 in Bangkok, is an exclusive, invitation-only networking event for top management professionals from the polymer industry. This curated gathering brings together industry leaders and decision-makers for meaningful interactions, strategic discussions, and high-quality networking in a professional and focused environment. TechnoBiz Executive Dinner is a non-alcohol, purely professional networking event. A registration fee applies, and pre-registration is mandatory for all participants.

Sponsorship Package

Corporate Sponsor
(US\$ 5,000 | Baht 100,000)

- Recognition as Corporate Sponsor
- 18 Sqm Shell Scheme Booth
- Presentation Slot in the Conference Program
- Company logo on all event branding
- Full-page advertisement in Event Catalogue (PDF)
- Corporate profile in Event Catalogue
- 10 complimentary Conference registrations
- 5 Executive Dinner invitations
- Advert Display on TechnoBiz Spotlight Screen
- Company brochure Display at Visitor Registration Counter
- Social media and email campaign promotion
