Social Networks

TechnoBiz manages following professional networks/groups on social media platforms to communicate with professionals and businesses on a regular basis. TechnoBiz Expo exhibitors will be provided an opportunity to introduce new technologies and products on these platforms on a 24/7 basis.

- Recycling & Recovery Network (LinkedIn) : 820 + Members
- Environmental Technology Network (LinkedIn): 700+ Members

These members are professionals working in recycling and environmental technology from different parts of the world.

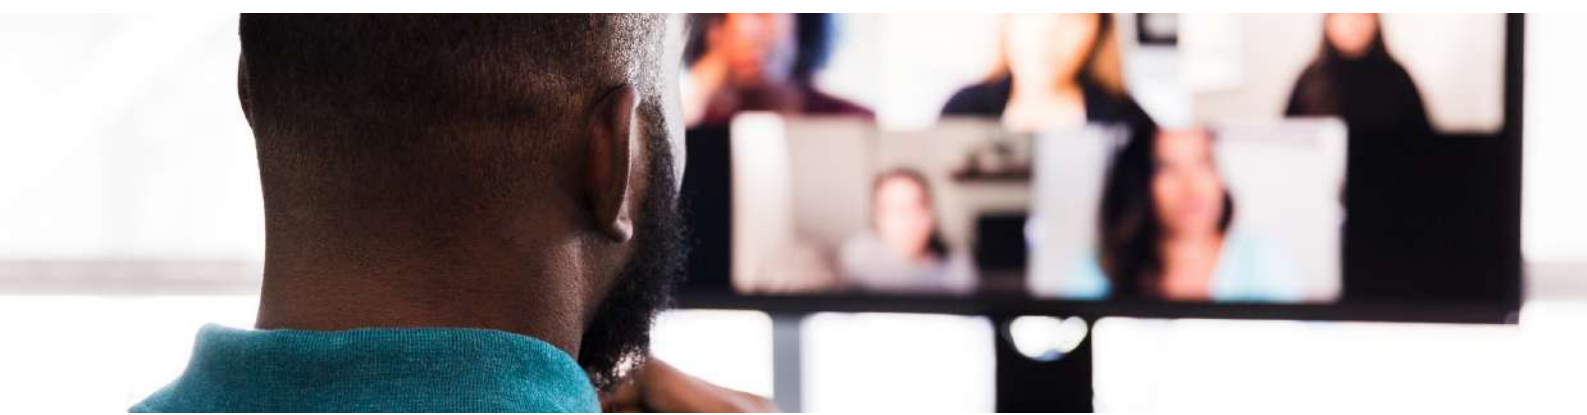

Virtual Events

TechnoBiz hosts the following virtual event series on a regular basis for the benefit of energy and environment industry professionals. Professionals from different parts of the world have subscribed to these virtual events. The access link for each episode will be sent to all subscribers to join live sessions as per schedule. TechnoBiz Expo exhibitors will be provided an opportunity to make short online presentations about their company, new technologies, and products.

- **Water & Wastewater Tech-Talk**
- **Recycling Trends**
- **Biogas, Biomass & BioEnergy Insights**
- **Membrane & Filtration Tech-Talks**
- **Energy Trends**

TechnoBiz Expo Exhibitors can make presentations as per their preferred schedules on a regular basis. The length of the presentation can be 30 to 60 minutes followed by a discussion. Each session is required to focus on one topic/issue.

Please visit <https://virtualevents.technobiz.org> for more information on upcoming as well as TechnoBiz Virtual Events.
