EXPO

Membrane & Filtration Expo is one component of "**TechnoBiz Expo**" series, which is focusing on advancements in membrane & filtration technologies which addresses the needs of industries as well as utilities. The upcoming edition of *TechnoBiz Expo* is scheduled be held during 27-28 March 2024 in Bangkok, Thailand at BITEC. This schedule is aimed to be an important meeting point for industries and utilities in Thailand, which is one of the fastest growing markets in manufacturing and infrastructure segments.

EXHIBITOR PROFILE

Manufacturers and Suppliers of Membrane and Filtrations Technologies

- Pressure Driven Technology- Microfiltration (MF), Ultrafiltration (UF), Nanofiltration (NF), Reverse Osmosis (RO)
- Concentration Driven Technology- Dialysis, Pervaporation, Forward Osmosis, Gas Separation
- Electric Potential Gradient Technology- Electrodialysis, Membrane Electrolysis, Electrodeionization, Electrofiltration
- Membrane Distillation
- Membrane Bioreactors (MBR)
- Seawater Desalination
- Membrane Technology or Process Filtration
- Pre-Treatment and Post-Treatment
- Novel Membrane Systems and Configurations
- Membrane Housing & Auxiliary Equipment
- Ceramic Membrane Technology
- Module Design
- Brine/concentrate Disposal and Waste management
- Energy Management
- Membrane Cleaning Technology
- Carbon Nanotube Membrane Technology

- Filter Media & Fiber Technology
- Filter Equipment & Accessories
- Filter Production Line
- Nanofiber Technology in Filtration
- Filtration Automation
- Testing & Monitoring Instrumentation
- Liquid Filtration
- Solid-Liquid Separation
- Air Cleaning & Dust Separation
- Air/Gas Filtration
- Filtration in Transportation
- Oil/Mist & Oil/Water Separation
- Sludge Filtration
- Liquid – Gas Separation
- Gas-Solid Separation
- Solid-Solid Separation

EXPO

Membrane & Filtration Conference

A 1-Day Conference Program on the latest developments in membrane and filtration technology and science will be held as part of this expo. All interested technologists, experts, consultants, and researchers involved with membranes and filtration are welcome to contribute a presentation. Each confirmed speaker will receive a 20-min presentation slot. All expo visitors can join this conference program for free.

Speaker Guidelines: Interested speakers are invited to submit the presentation topic, summary and speaker biography with portrait photo via online at <https://expo.technobiz.org>.

Membrane & Filtration Tech-Talk

"Membrane & Filtration Tech-Talk" is a virtual event hosted by TechnoBiz on a regular basis. Exhibitors can make online presentations on their new technologies and products through this virtual event. TechnoBiz invites members of the Membrane & Filtration Network to join these presentations. The schedules of this program can be arranged at their convenience. There is no additional cost for the exhibitors to utilize this presentation opportunity. Please visit <https://virtualevents.technobiz.org> for more information on this program.

Visitor Guidelines

TechnoBiz Expo is aimed to bring technical and non-technical management professionals in Manufacturing Industries and Utilities from Thailand and neighboring countries. All local industries in Thailand will be invited to join this "TechnoBiz Expo". Visitors will also have access selected conference programs at this expo.
